EXPERIENCE

Web Developer Intern
INFOLABZ IT SERVICES | 2024 - Present
- Developed and optimized web applications using Python Django framework.
- Created responsive UI designs with HTML, CSS, Bootstrap, and JavaScript.
- Worked with MySQL databases to manage application data.
- Implemented user authentication and authorization systems.
- Debugged and improved web performance to enhance user experience.

PROJECTS

SportLight - Event Pass Booking Platform
Technologies Used: Python, Django, HTML, CSS, JavaScript, Bootstrap, MySQL
- Developed an artist-friendly platform where artists can add their events, concerts, and shows.
- This platform creates opportunities for beginner-level artists, helping them gain exposure and connect with event organizers.
- Designed a user-friendly event ticket booking system with secure payment integration.
- Built a dashboard for event organizers to manage tickets and attendees.
- Integrated features like event search, booking confirmation, and ticket scanning.
